The Federal Election Commission requires that principal campaign committees file 48 hour notices on contributions of \$1,000 or more after the 20th day, but more than 48 hours before the day of any election in which the candidate participates.

For this current election cycle, of which the primary is March 4, 2014, the proper forms were prepared and timely entered and submitted. However, the password for the FEC transmission was not entered and, although, timely submitted, these reports were not received by the FEC. As soon as this error was noticed, the correction was made and filings done.
